TREMHOST
Software & Web Services Provider

Introduction

Tremhost is one of Zimbabwe's leading Web-hosting & IT service provider targeted at the global marketplace, providing cutting edge custom and general solutions tailored to drive businesses to growth.Over the years we have proved to be reliable and effecient in providing webhosting , software & hardware platforms for many companies.

Why Choose Us!

Most hosting companies offer support for your account every hour of every day. However, not all companies can say they employ a team of hosting experts ready to help answer your questions and solve any issues you encounter.

At Tremhost we provide you with experienced professionals on call, 24 hours a day, 7 days a week. If you encounter an issue, we're ready to help resolve it as fast as possible.

With regards to our Software and Hardware ,we will offer you the best quality brands proved to be reliable in the IT indurty.

> **"...24 hours a days,7 days a week. "**

Our Goals

■ *"...making the perfect digital connection"*

RELIABILITY
We want to make sure the client gets the most out of every minute, of every day because we understand how important a fast and reliable website is to business success

24HR TECHICAL SUPPORT
Anticipate issues arising and take measures to ensure the client doesnt encounter issues as often. Have a technical support team monitoring all the servers around the clock to ensure the absolute lowest amount of downtime.
